Property description

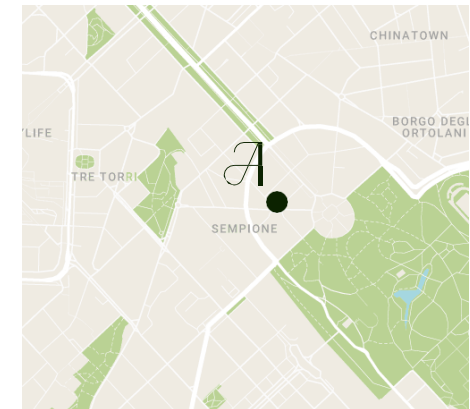

Overlooking one of Milan's most elegant squares, within a refined early 20th-century period building with a lift, this beautifully restored apartment of approximately 155 sqm captures the timeless appeal of historic architecture through a meticulous and contemporary renovation.

The restoration has carefully preserved and enhanced many of the property's original architectural features while reimagining the layout to meet the demands of modern living. The dual aspect and exceptional natural light accentuate the generous proportions of the interiors and the richness of the materials, preserving the authentic character of Milanese period residences. The original parquet floors have been expertly restored by skilled craftsmen and blend seamlessly with the new flooring, laid in continuity with the apartment's original pattern. The bathrooms, featuring spacious walk-in showers clad in exquisite Statuario marble, embody understated elegance, complemented by silky-textured wall finishes, while bespoke built-in cabinetry integrates discreetly throughout the home. The entrance opens onto a fluid and well-balanced layout. The bright and welcoming living room is complemented by a spacious, fully equipped eat-in kitchen. The living area also includes a separate laundry room and a generous storage room. The sleeping quarters comprise two generously sized double bedrooms and an impressive principal suite, conceived as a private retreat complete with an en-suite bathroom and extensive custom wardrobes. The dual exposure ensures abundant natural light throughout the day, as well as excellent cross ventilation, while the high ceilings and harmonious proportions reflect the finest traditions of Milan's historic homes.

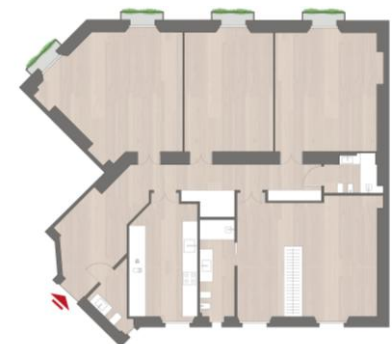

A residence that perfectly combines authenticity, exceptional design, and contemporary comfort, in the heart of one of Milan's most prestigious residential neighborhoods, between the Arco della Pace and Parco Sempione.
